A Star Clippers cruise is a celebration of the great clipper ships. These romantic, swift vessels were the cornerstone of international trade a century and a half ago. Today, their beauty and traditions are yours to experience amidst an atmosphere of contemporary luxury.

Marvel as the skilled hands of our crew - not computers - hoist 36,000 square feet of sail overhead. Your task is but to observe. Though some guests enjoy learning how to splice a line or reef a sail.

Whether you elect to sail on Star Clipper or Royal Clipper, the largest full-rigged sailing ship in the world, you can be assured of pampering of the highest order, as you sail to out-of-the-way places that only yachts can easily reach.

We call this unique cruise the Mega-Yacht Experience. You'll call it the perfect vacation.
